The Magnum option is like the perfect 50's. It is only on a 100-target handicap event. There are six ways to win. Each 50 has its own purse, which are as follows:

Traps 1&2 - 1&3 - 1&4 - 2&3 - 2&4 - 3&4

The cost to play is \$12.00, which is \$2.00 per combination and all combinations, must be played. The payoff is 50% of the value of the 2-trap combination. A shooter can win more than one magnum per event. If more than one shooter wins the magnum they all split the 50% payoff.
